OUTDOOR PURSUITS

With nearly every activity imaginable just minutes from Tahoe Beach Club, our Outdoor Pursuits' staff is standing by to ensure your next adventure goes off without a hitch.

Our Outdoor Pursuits Store is stocked with the highest quality clothing brands and world-class equipment that utilizes the latest technology in the outdoor industry. We're here to offer support and advice to best prepare members and their guests for mountain excursions. Let us handle the details so you can focus on what matters most– enjoying the stunning landscapes and endless beauty of the Sierras with friends and family.

HIKING

The Tahoe region is home to some of the most beautiful and pristine hikes in the nation. Explore a variety of terrains, from exhilarating high peaks with breathtaking waterfalls to leisurely walking paths through fields of wildflowers. There are trails for every fitness level, and our Outdoor Pursuits staff is there to guide members along the way. Some of our favorites are listed below:

Big Meadow to Round Lake (6 miles round-trip | Difficulty level: Moderate)

A day hike past beautiful Big Meadow and volcanic bluffs leads you to a nearly perfect round lake. Drive out to Meyers and turn onto Highway 89 up Luther Pass. Park at Big Meadow trailhead. Pick up the trail on the other side of the highway. In mid to late July, hikers are greeted by wildflowers in full bloom on this picturesque alpine outing. Take advantage of our Outdoor Pursuits staff and make this a fully guided experience.

Van Sickle State Park (Varying lengths by preference | Difficulty level: Easy/Moderate)

Van Sickle is one the most accessible parks in the Tahoe Basin, tucked right behind Stateline and the bustling casinos. A short climb from the trailhead quickly transports visitors to the serenity of the forest. The park's easy to moderate trails are studded with rock outcroppings that present grand views of the lake and its surrounding peaks.

Castle Rock via Kingsbury Grade (2.25 miles round trip | Difficulty level: Easy)

The trail to Castle Rock is short, but highly rewarding. It offers panoramic views of Lake Tahoe, and thanks to its prominent western views and short distance, hiking to Castle Rock makes for an incredible sunset adventure. Drive up Kingsbury Grade Road (State Route 207). Before you reach the top of Daggett Summit, go north on North Benjamin Drive, then continue along that road (which turns into Andria Drive) for about a mile and a half. Park at the end and walk to the green Forest Service gate to start your hike.

BIKING

The South Shore features a variety of road bike routes. Our highest recommended are below:

Tahoe Mountain

This pleasant introductory ride begins at the "Y" intersection of Highway 50 and 89. Head west on 89 using the USFS bike trail. Turn left on Fall Leaf Road and follow it nearly to the end where you can see the falls to your right. Backtrack and turn right on Tahoe Mt Road, right on Dundee Circle, right on Glenmore Way, and left on Tahoe Mt Road. At the bottom of the hill turn left onto Lake Tahoe Blvd. and follow it back to your starting point at the "Y". This is an easy ride of 15.8 miles with a total climb of approximately 700-feet.

Echo Lakes

A step up is this route to Echo Lakes. From the "Y" ride south on Lake Tahoe Blvd/North Upper Truckee Rd to Highway 50. Turn left on Highway 50 then quick right on South Upper Truckee Rd. Take the next right on Meyers Road (go around the gate closed to vehicles). At the top of this climb, turn right at Highway 50 and an immediate left to continue climbing on Johnson Pass Road. After topping out, turn right on Echo Lakes Road and descend to the lake. Return to the "Y" backtracking, or go down Highway 50 instead and take the bike path along Highway 50 to Sawmill Road. This is a 20-mile ride with a total climb of approximately 1700-feet at Echo Summit. You can shorten this route by simply parking at the gate mentioned on Meyers Road.

SKIING

Each year, South Lake Tahoe averages over 300 inches of snow, making it an optimal destination for downhill, cross-country skiing, and snowboarding. Choose from six mountain resort locations, including the renowned Heavenly Ski Resort just minutes from Tahoe Beach Club.

WATER SPORTS

Lake Tahoe is one of the deepest lakes in the Western Hemisphere. In addition, its large size and crystal clear water makes it the ideal spot for water sports of virtually every kind— from water skiing and paddle boarding to boating and fishing. Tahoe Beach Club offers owners and guests a wide variety of services and equipment to ensure your time on the water is as perfect as the lake itself.

PICNIC AROUND THE LAKE

Enjoy a freshly prepared picnic basket for days out on the Lake. Members can picnic in style on Tahoe Beach Club's 36 ft Hinckley yacht or a high-performance Mastercraft Wake Boat. We also prepare picnics for on foot adventurous excursions.

Some of our favorite picnic locations are listed below.

Pope Beach (South Lake Tahoe)

Located on Highway 89, 2 miles north of "The Y." Amenities include restrooms, picnic areas, and fire pits. There is an admission fee for cars, and no dogs are allowed.

Kiva Beach (South Lake Tahoe)
