LUXURIES**

This is one of Beverly Hills's original and last remaining great estates. Situated north of Sunset, the property boasts over 3 acres of land and affords unrivaled privacy and luxury. Behind tall gates lies an elegant, winding driveway which leads guests through the park-like grounds, past guest and staff houses to the main residence,

Over-looking the exquisitely manicured grounds, oversized pool, pool house and tennis court, the house itself has been restored to perfection whilst remaining sympathetic to the era in which it was built, using rich, exotic stones throughout.

A range of original millwork and exceptional furnishings and objects d'art. This house is a masterpiece.
