Located on the eastern side of Herbert Von King Park, 253 Tompkins will bring ten condominium residences to the Bed-Stuy neighborhood. The boutique collection features one and two bedrooms as well as a duplex unit and a crowning penthouse unit. Many of the homes have private outdoor spaces with views overlooking the park and the skyline.

The six-story Isaac & Stern designed building features an amenity collection that embraces the outdoors; including a first floor garden and a rooftop terrace with panoramic views of the Manhattan and Brooklyn skylines. Occupancy is expected early next year. Corcoran will handle sales, which are expected to begin shortly.
